To Whom It May Concern:

Nechifor Dragoș - Ionel took part in our Software Testing and Automation Testing course and was one of our best students.

The first module of Software Testing covered:
- Introduction To Testing
- Test Design Techniques (static testing, dynamic testing)
- Risk Based Testing
- Working with Jira and Zephyr
- Creating testing portfolio with Jira, API, SQL
- Basics of MySQL
- API Testing/Postman
- ISTQB preparation

The second module of Automation Testing covered:
- Python basics
- OOP pillars understanding
- Design patterns in automation testing: POM
- Web automation with Selenium Webdriver
- Behavior Driven Development
- Intro to API testing
- Unit Test Library
- Creating testing portfolio with BDD, Unit Test Library and API Testing

Dragoș - Ionel is a quick learner and did not hesitate to expand his knowledge by embracing new technologies. Dragoș - Ionel possesses good analytical skills and overall, he is a creative, curious, and passionate tester.

We think Dragoș - Ionel can be a valuable employee in your company. We fully recommend him and wish him the very best for the future.

Sincerely,

Andy Sînpetrean
